MEMORANDUM

TO: ADSO, Att. Mr. Little
 ADPC, [REDACTED]

FROM: Task Force

SUBJECT: Field Property Procedures

25X1

1. Pursuant to informal discussions on the subject, the Task Force is studying the possibility of revising present field property procedures to accomplish the following:

- a. Provide greater autonomy [REDACTED]
- b. Simplify the procedure for the small station.

25X1

[REDACTED]

25X1

3. It would be appreciated if you would outline in general terms your thoughts on these problems, particularly with reference to criteria for classifying stations and the degree of independent action which should be allowed to each. However, because this is a difficult and complex problem, please do not feel constrained to restrict your comments to those two issues.

[REDACTED]
Task Force, Chairman
